

End-Point Assessment Specification

Healthcare Support Worker

Level 2

1 *What the* ROLE ENTAILS

This occupation is found in the health and care sectors. Healthcare Support Workers work in a range of healthcare settings, for example in a hospital, General Practice, as part of a community team and in individuals' homes where their wider team may include workers from both health and social care. They can also be found in social care settings where the scope of the role they carry out requires them to be responsible for a range of clinical tasks. These roles are becoming more common as health and social care services in some areas become integrated or where residential and nursing homes are caring for residents who have health and care needs, are unwell or reaching the end of their life but have not been transferred to a hospital or primary care setting

2 *On-programme* ASSESSMENT

Before entering Gateway, the apprentice must complete the following on-programme assessment requirements:

- English and maths in line with funding rules
- Complete training to develop the knowledge, skills and behaviours required by the standard
- Completion of a portfolio of evidence

3 *Gateway* REQUIREMENTS

The employer, independent training provider (ITP) and apprentice make the decision to take the apprentice through Gateway.

- English and maths in line with funding rules
- Portfolio of evidence

4 End Point ASSESSMENT

Observation of practice with questions

The observation takes place in the apprentice's place of work carrying out their normal day to day duties. Questions will be asked after the observation for clarification on the KSBs observed.

Professional discussion with portfolio of evidence

The discussion will draw questions and amplifications from a review of the portfolio and will assess the knowledge, skills and behaviours mapped to this method in the assessment plan.
